**Be Present, Prepared, and Positive
"Its the Red Raider Way"**

**Fitchburg High School
140 Arn-How Farm Road
Fitchburg, MA 01420**

Dear Members of the Fitchburg High School Class of 2022:

I have had the distinct pleasure to work with and for the Class of 2022 for the past four years, the last three being unlike any other in the history of the American education system. During that time, and despite amazing challenges, the class of 2022 has not only achieved strong results in the classroom and on the athletic fields but in our community in the ways that made the City of Fitchburg a better place. In fact, the Class of 2022 has not only improved Fitchburg High School, but it has raised the profile of our school which is now considered one of the best in not only Massachusetts but the United States!

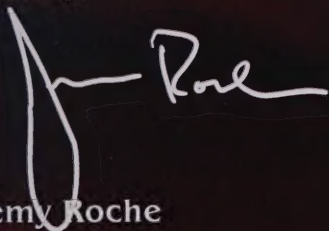

To start, I am extremely grateful to the Class of 2022 as you have built upon the continued progress that our school has made in recent years. FHS is highly recognized in the state and the nation due to your efforts. For example, while students at FHS, the school has been noted in both the Washington Post's America's Most Challenging High School and most recently in the U.S. News and World Report Best High Schools lists. In addition, as a class you have earned, achieved, and/or performed strong attendance, graduation, and dropout rates while earning gold medals for the band, qualifying scores on Advanced Placement exams, countless individual scholarships and recognitions, hundreds of dual enrollment credits, playoff qualifications in athletics, and many other recognitions. More importantly, you have helped our community with food drives, community events, youth ventures, volunteer hours, and led FHS to win the Canned Food Drive versus LHS your senior year! This combination of strong academics, service to our school and community, and a dedication to extra-curricular activities illustrates the impact you have had on FHS.

What I must address is the way in which you all stayed together during the global COVID19 pandemic. Returning to in-person school your senior year was a challenge that no one fully expected. We had lost our structures and relationships that were the foundation of FHS's success. As a school, we had to relearn what it meant to be Red Raiders, and the Class of 2022 has set the course for not only this class but all of those to follow. You all helped us remember the importance of being Present, Positive, and Prepared by helping us to return to activities and events that united our school. As a class, you showed us models of resilience and character that is not only impressive, but will be something that will be studied and talked about one hundred years from now. The plain fact is that you are an historic class, Class of 2022. You have lived through and experienced a high school experience almost completely affected by a global pandemic, and you have adjusted, learned, and grown and you will be better for it in this new and undefined world that you enter as adults. Each of the 241 members of the class have the opportunity to take advantage of this opportunity and I cannot wait to see what you all do!

Members of the Class of 2022, I am grateful to have served you as Principal and hope that you each of you finds the success and fulfillment that you deserve. Finally, as a graduate of FHS you have earned the right to be considered a Red Raider for life and that is a distinction that no one can ever take away from you. Congratulations and Go Red Raiders!

Sincerely,

A handwritten signature in white ink, appearing to read "J. Roche", is written over a dark background.

At the end of the day... everything is all up to you.

My four years of high school has been an eye opening experience, but I always found a way to bounce back. I learned how important mental health is and how much it can impact your life drastically. If it wasn't for Mrs. Scott and Mrs. Rice for being

so supportive, I probably wouldn't be walking the stage with my peers. They helped me find light in my life and saying thank you isn't enough for what they've done for me. Also, I would like to thank my boyfriend and friends for supporting me through the most difficult times, and always trying to find a way to make me laugh. High school was most definitely a crazy roller coaster, but thankfully I can say I've made countless memories with my people.

Here's to forever.

Savanah Brianne Jerry

The black woman is art, a perfect expression of pain, struggle, strength, ambition & beauty

I would like to thank my parents, along with Ms. Manto, Mr. Dell, Mr. Scott, Ms. Kelly, Mr. Barry Walker, and Ms. D'Elia, for helping me grow not only as a student but as a person -- for helping me and supporting me at my lows and celebrating my

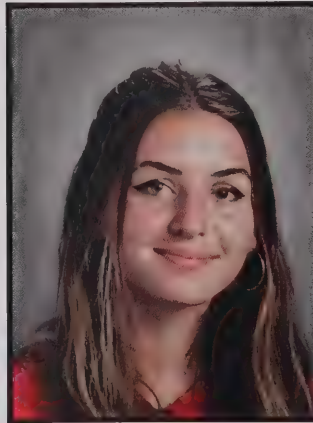

highs. I wasn't a fan of high school but you all made it better. I would also like to specifically mention my mom. I don't know where I would be without you, from me coming out to every little and small aspect of my life and always being my number one supporter and my best friend. I would also like to thank my grandmother for influencing my career choice. I know you're not around anymore, and you will forever be missed, but you made me want to be in the medical field. Thank you.

"Hate ricochets, but kindness does too."

Through my entire life I have pushed myself into fitting others needs and wants. I have always put other before I care for myself, and there is no doubt that I will continue to do so. But, as I begin to shift into this new boss level in my life I realized so much in my life. I have learned what should not have happened to me as a child and what I deserve. I personally find it upsetting that it took

me so long to realize, and learn so much that I deserve other than blaming myself for every bad thing that has happened to me. I also have had teachers over the years such as Mrs. Barrett, Mr. Suttner, and Mrs. Orand who have helped guide me to a path that I deserve and taught me to challenge myself. Although I have never been open about problems at home or my emotions I am thankful for them cause I always felt as if I could go to them if I could. I also thank my mother, and siblings for always being their and supporting me even after our arguing about who is more annoying. Then I also thank all of my "Brothers" within school that I have met and always protect me and listen to the smallest little drama. You guys have always made me feel safe and I hope to still see you in my future. But, thank you for helping me through this Boss level and now it is time to walk a new path knowing that you all are there with me holding my hand.

"Many People have a path to follow, but don't let anyone control your own path of who you are..."

You know education is sometimes always key, but a lot of people seek out their own education with other people and how they see themselves in life. Some people might say "it get's the best of us" but it only get the best of you to

where you are tomorrow or today. I can say there many teachers I have and haven't met who has good intentions for you, but the question remains "What are your intentions and where would you like to follow up to it?" So Try your best to push throughout this year and towards you future because soon enough you'll wish that you'll be asking for more...

Crystal Lynn Moulton-Ortiz

"History has it's eyes on you."

I have learned many lessons throughout my high school experience and I can gladly say that they've made me into the person that I am today. I was given so much support and motivation from many of my peers and teachers which helped me reach the potential I'm at today.

I would like to thank my

father for being my biggest support system, and id like to thank myself for never giving up.
